2. Discuss with the independent auditors the matters required to be discussed by Auditing Standard No. 1301, "Communications with Audit Committees" (or any amended, supplemental or successor standard).
3. Review and discuss with Management prior to dissemination: (i) the Company's earnings press releases and (ii) financial information and earnings guidance, if any, provided to analysts and rating agencies. The Committee's discussion in this regard may be general in nature (i.e., discussion of the types of information to be disclosed and the type of presentation to be made) and need not take place in advance of each earnings press release or each instance in which the Company may provide earnings guidance.

Review and discuss with Management and the independent auditors the Company's disclosure controls and procedures and internal control over financial reporting. The review and discussion of internal control over financial reporting shall include any significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to affect the Company's ability to record, process, summarize and report financial information, any fraud involving Management or other employees with a significant role in internal control over financial reporting, any actions taken in light of material control deficiencies and the adequacy of disclosures about changes in internal control over financial reporting.

5. Notwithstanding the foregoing, pre-approval is not necessary for minor non-audit services if:

- (ii) such services were not recognized by the Company at the time of the engagement to be non-audit services; and
- (iii) such services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee who are members of the Board of Directors to whom authority to grant such approvals has been delegated by the Committee.

 - (ii) analyses prepared by Management and/or the independent auditors setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including alternative treatments of financial information within generally accepted accounting principles related to material items that have been discussed with Management, the ramifications of the use of the alternative disclosures and treatments, and the treatment preferred by the independent auditors;
 - (iii) major issues regarding accounting principles and financial statement presentations, including significant changes in the Company's selection or application of accounting principles;
